

CORROSION FREE

CHLORIDE FREE

ENVIRONMENTALLY SAFE FOR
CONCRETE, PETS, AND LAWNS

CONTAINS INDUSTRIAL
GRADE CORROSION INHIBITORS

CLEAR, NON-STAINING SOLUTION

LONG-TERM STORABILITY

CAN BE APPLIED UP TO 70
DEGREES BELOW FAHRENHEIT

VERSATILE FOR MOST SPRAY SYSTEMS
(HAND, GARDEN, TRACTOR, OR TRUCK)

NON-TOXIC

NON-FLAMMABLE

[benefits]

ALPINE ICE MELT® IS INTENDED AS AN AID IN BREAKING THE BOND OF THE ICE/SNOW TO THE SURFACE TO MAKE REMOVAL OF THE ICE/SNOW EASIER. **ALPINE ICE MELT®** IS NOT INTENDED TO BE THE SOLE RESOURCE TO MELT AND REMOVE THE ICE/SNOW. WHEN **ALPINE ICE MELT®** BECOMES SUFFICIENTLY DILUTED WITH WATER, THE RESULTING MIXTURE WILL RE-FREEZE AND RE-APPLICATION IS REQUIRED.

WARNING: THE APPLICATION OF **ALPINE ICE MELT®** MAY CAUSE CERTAIN NON-TEXTURED SURFACES TO BE SLIPPERY. THE INDIVIDUAL MAKING AN APPLICATION OF **ALPINE ICE MELT®** SHALL BE RESPONSIBLE FOR EVALUATING THE SURFACE CONDITION AFTER APPLICATION AND PROVIDING WARNINGS TO OTHERS IF THE SURFACE IS SLIPPERY.

[technical info]

WHY ALPINE LIQUID ICE-MELT AS YOUR FIRST CHOICE?

NASi™ has been manufacturing high quality liquid solutions for over 62 years. Our solutions are formulated with pure raw materials. Our reputation is built by providing premium chemicals, high-tech distribution systems, and superior customer and technical support for our customers.

We have four liquid chemical manufacturing facilities:

- Marion, OH (Corporate Headquarters)
- Corydon, IN
- Red Oak, IA
- New Hamburg, Ontario, Canada

Alpine Ice-Melt® is unique because it is:

- Clear and odorless
- Easy handling solution
- Includes an industrial grade corrosion inhibitor

Alpine Ice-Melt will not corrode application equipment and concrete, which can save you money and time in replacement costs.

UNIQUE CORROSION INHIBITOR PACKAGE

Alpine Ice-Melt includes special grade corrosion inhibitors that substantially reduce corrosion of galvanized steel, copper, and other metals.

Solids	50%
Moisture	50%
pH	9-10
Specific Gravity	1.282
Pounds Per Gallon	10.65
Appearance	Clear, Nearly Colorless Liquid
Odor	Mild, Characteristic
Water	Miscibility Complete
Freezing Point	-72°F (-58°C)
BOD	(5-Day), g/g 0.25
COD	g/g 0.35

No suggestions for use are intended, and nothing herein shall be construed as a recommendation to infringe any existing patents or to violate any federal, state or local laws, rules or regulations.

ENVIRONMENTALLY FRIENDLY

Alpine Ice-Melt is:

- Environmentally friendly
- Non-toxic and non-hazardous to plant and animal life
- Non-damaging to most surfaces including: concrete, metals, wood, gutters, lawns, and vegetation.

Alpine Ice-Melt has a very low biological oxygen demand (BOD) rate. The lower the BOD rate, the quicker it decomposes into environmentally safe components. Chloride -based de-icers (calcium and magnesium chloride) accumulate in the environment as harmful salts, which can be damaging to plant and animal life, including fish.

HIGH PERFORMANCE LIQUID ICE-MELT

Alpine Ice-Melt is a practical solution—it works longer and better than magnesium chloride, calcium chloride, and traditional rock salts.

ANTI-ICING

Anti-Icer:

Alpine Ice-Melt should be applied prior to a storm. Just one half gallon of ice melt can be used to cover 1,000 square feet.

Application:

Alpine Ice-Melt can be easily applied with most types of sprayer units such as hand, garden, tractor, or truck. The corrosion inhibitor provides easy, non-clogging applications.
